Short Form Specification

Item No.

2 in 1 machine: table-mounted cutter and emulsifier thanks to the ergonomic and easily dismantlable scraper, in heavy duty composite material, for liquidizing, mixing and mincing in a matter of seconds. Stainless steel 5,5 liter bowl with high chimney to increase the real capacity of the bowl (use up to 75% of nominal capacity). Unique bowl design for mixing both large or small quantities. Transparent lid to check consistency of food and to eventually add ingredients without having to open the lid. Hinged cover, when lifted, remains open to permit a fast and easy check of preparation. Microtoothed blades in 420 AISI stainless steel. All parts are easily dismantled and dishwasher safe. Multiple safety devices ensure the machine will only operate when the cover is properly closed and all parts are correctly positioned. Flat and waterproof control panel with on/off button, pulse function and variable speed (from 300 to 3700rpm). Possibility to upgrade to a combi machine with an optional kit to add the vegetable slicer attachment.
