Electric Corner Hot Air Blower for Entry Rack Type

864141 (HABER90ERT) Electric corner hot air blower, for entry level rack type, right>left

864142 (HABEL90ERT) Electric corner hot air blower, for entry level rack type, left>right

Short Form Specification

Item No. _____

Dryer for entry level rack type dishwashers. 304 AISI stainless steel front, side and top panels. It provides completely dry dishes thanks to the high air temperature (50°-120°C) and the low humidity. Electric heating by means of armoured elements and fan. Designed to be placed on a 90° or 180° unloading turntable connected to a rack type dishwasher. Circulating air: 1000 m³/h.

Main Features

- Designed to be placed on a 90° or 180° dishwashing turn table, immediately after an Electrolux rack type dishwasher.
- Feeding system from the dishwasher and the curve will automatically move the racks through the hot air blower.
- Best drying results are achieved when placed after a single tank dishwasher with low feeding speed.
- Hygienic design provides easy cleaning.

Construction

- Manufactured in 304 AISI stainless steel.
- Developed and produced in ISO 9001 and ISO 14001 certified factory.
