Electric Hot Air Blower for Entry Rack Type

864151 (HABERERT)

Electric hot blower, r>l, for entry level rack type, 600mm

864153 (HABELERT)

Electric hot blower, l>r, for entry level rack type, 600mm

Short Form Specification

Item No. _____

Dryer for entry level rack type dishwashers. 304 AISI stainless steel front, side and top panels. It provides completely dry dishes thanks to the high air temperature (50°-120°C) and the low humidity. Electric heating by means of armoured elements and fan. Conveyor system guaranteed by a toothed drive belt connected to the dishwasher. Circulating air: 1000 m³/h.

Main Features

- Designed to be placed on any Electrolux entry level rack type dishwasher.
- Drying zone removes every trace of water from the crockery through a high powered fan that extracts dry air from outside with minimum temperature loss and steam escape.
- Feeding system from the dishwasher and the curve will automatically move the racks through the hot air blower.
- Best drying results are achieved when placed after a single tank dishwasher with low feeding speed.
- Hygienic design provides easy cleaning.
- IPX5 water protection.

Construction

- 304 AISI stainless steel front, side and top panels.
- Developed and produced in ISO 9001 and ISO 14001 certified factory.
